-
- ❑ Oriental International General trading & construction Co. is one of the leading Kuwait-based company providing top-notch civil construction and infrastructure services. With over 20 years of experience delivery our best on infrastructure projects, we have always been loved for showing great commitment to the quality of our construction.
 - ❑ Our aim is to maintain our status as a go-to contractor through sustainable and organic growth. With our construction process, we set the benchmark for our industry with the way we combine world-class expertise with technical know-how to provide the, highest level of safety and professionalism in construction.

 - ❑ **Our Heritage:**
 - ❑ Oriental International General Trading & Construction Co. is a group which started out as a restaurant. We concentrated our activities on delivering the very best fine dine and catering service. From our emerging days, with a small team of passionate people under a visionary leadership, the restaurant grew. Hard work coupled with authentic culinary expertise popularized Oriental through the word of mouth. And this touched the Kuwait population.

Eventually, Oriental expanded from its core food business to a group of allied businesses- leveraging each other's strength and popularity. With strategic diversification, OIGIC has branched out into a number of different sectors including fine dining restaurants, confectionaries, catering, mineral, constructions, contracting, education, and much more. Oriental name and its services have grown to be recognized as a company of repute in Kuwait. We direct our abilities into projects that are in line with our area of expertise so as to ensure our clients get the very best results. Our experienced staffs stop at nothing to ensure maximum health and safety measures are taken during the construction process while delivering the highest quality on infrastructure projects.

Trading

OIGC provides the best trading service in the whole of Kuwait. Our one of a kind trading structure ensures our customers get the very best value at an affordable rate. OIGC Trading Division is part of a business network between Middle East Countries and mining units of South India.

We are well known around the world as one of the leading importer, exporter, trader, wholesaler cum supplier of Silicon Carbide, Fused Alumina, Rutile, TiO₂, Zircon, menite, Garnet Abrasive and Copper Slag. OIGC has consistently met the requirements of its clients across different industries, ensuring they get the best quality in every traded item. We owe our consistency to our good sourcing ability.

Our main trading product is the garnet abrasive. Our garnet abrasive is mined from the South Coast of India and processed with the most efficient technology to eliminate the dust and Chloride. We also make use of standardized sieve to divide particles into the following sizes:

-
1. 20-40 mesh - used for blasting & Water filtration
 2. 30-60 mesh- used as abrasive for blasting purpose
 3. 80 mesh- used for water jet operations
 4. 120 mesh- used for blasting on a glass surface.

We also mine Ilmenite which is the most important ore of titanium. Our ilmenite is mined from the South coast of India and is segregated from various other minerals using magnetic separation. It has rich content of TiO₂, varying between 48%- 56%. It is then loaded in loose inside the container and exported.

Our Ilmenite provides a very high quality of titanium dioxide, which is used in paints, fabrics, plastics, paper, sunscreen, food and cosmetics. We ship significant volume of ilmenite to China and other parts of the world.

Contracting

Contracting is one of the most important parts of our business. We take a systematic approach to contracting, ensuring that our clients, people and supply chain work together, providing innovative ideas wherever possible to guarantee delivery.

We set the highest bar possible for both service quality and consistency throughout all areas of expertise. To ensure maximum satisfaction between our clients, we have put in place various management systems and support teams. We also make safety, quality and environmental protection are the main priorities of our every project.

OIGC can take up in-house and on-site Sandblasting and Painting work for pipelines, equipment and all kinds of structural Works. We provide a diverse suite of services to address virtually any surface treatment and protection challenges.

We provide the perfect mix of local knowledge and world-class expertise to provide the very best result on projects including new construction, renovation, and maintenance of commercial buildings and properties.

By using this strategy, we have the ability to ensure a project remains on schedule while maintaining an affordable overall cost as we are able to collectively cover both management and construction altogether.

Committed to safety, quality and customer service, our tradesmen are experts in new coating technologies, application processes, and safety procedures. From small jobs to large-scale contracts, we take pride in our workmanship and continually strive to surpass customer expectations. You can depend on us for the best!
